

SchoolMessenger Information

As of August 13, 2015, Monongalia County Schools has not used SchoolMessenger to send phone calls, texts or emails to parents. It has come to our attention that the Federal Communications Commission (FCC) has strengthened the language of the Telephone Consumer Protection Act, which it had created in 1991. It basically states that before mass communication via an automated system occurs, we are to get your expressed consent. This means that we must get written permission from you with the listed phone number that you are allowing these calls to be made to.

Our goal has always been to keep you informed in multiple ways. With SchoolMessenger, you have the power to set it up as you wish. In September we will send home SchoolMessenger sign up forms so that you can further customize how you're getting the calls/texts/emails.

1. _____ I give Monongalia County Schools' District and my child/children's schools consent to send me messages via (please check all that apply):

- _____ Phone call
 _____ Email (enter in your info in September when we send you the sign in letter)

2. For the following types of calls (please check):

_____ calls which can include school reminders, notices, event messages, school information, etc.) (We will not send you fundraising calls)

Emergency calls will continue to be sent to you.

We highly recommend that you give us your consent. We will do whatever it takes to keep you informed without burdening you with too many calls.

Please complete this form and return this form to your child's school by August 31, 2015.

If you opt-in – complete 1, 2, & 3

If you do not want to opt-in to general calls – complete box #4

3. Using the following phone number(s): Please limit 2
