

Arctic Academy Lessons

Middle and High teachers tend to use either Schoology or Google Classroom. Elementary tends to use Google Classroom and Class DoJo. Some schools have instructions on their websites – which is what the links are by certain schools below.

All teachers have practiced accessing their lessons with their classes.

Google Classroom how-to:

Accessing Arctic Academy Online Lessons using Google Classroom

Signing into Google on a Home Device is easy!

Make sure your computer/device has the Google Chrome Browser installed.

Students sign into google with their school computer username and the @boe.mono.k12.wv.us extension.

Username Example: john.doe7@boe.mono.k12.wv.us

Password: is the same as their computer/chromebook password

Students go to the Google Classroom App to find their Arctic Academy Classrooms.

Now find your classroom!
